**EKORNES**<sup>®</sup>

FOR THE CONTRACT MARKET

Stressless® Mayfair Cross.

## Supplier of unique comfort

From check-in to check-out, from galley to bridge – through Ekornes, you can furnish every space with the legendary Stressless® comfort.

We supply recliners, dining chairs, mattresses, beds and sofas that can be tailored to your specific project and interior design concept, both on land and at sea. From bold and daring to classic and elegant – we have what you are looking for, made in Norway to the highest standards of excellence.

We have supplied furniture to public and private sector clients around the world for many years. The durability and comfort of our products have been well proven. We offer good guarantees in advance, while you collect the gratitude of employees and guests in arrears.

Stressless® Mint Low (L) w/armrest, D200

## 100% Clean energy

We are from a beautiful place surrounded by majestic mountains, deep fjords and waterfalls all reminding us to protect this inspiring environment around us. 100% of the power supplied to our Stressless® factories in Norway come from hydropower; a renewable energy source generated by an endless water cycle. When you purchase Stressless® furniture, you are not only investing in your comfort but also making a sustainable and responsible choice.

Stressless® Laurel Low (L) w/armrest, D100

## Offer your guests the best

When we introduced the Stressless® Dining range, we had one goal in mind – to offer armchair comfort in a dining chair. All our Stressless® dining chairs have a moveable back and seat, which does wonders for the dining experience. We also have robust, less sophisticated models that are well suited to frequent use.

Our clients include exclusive brasseries, rustic hosteleries, shipboard restaurants and public cafeterias. The diversity of our collection means we always have a dining chair that suits your particular environment and your guests.

Stressless® Vanilla Low (L) w/armrest, D350.

Stressless® Laurel Low (L) w/armrest, D200

## Good taste in a chair

Have you ever sat in such a comfortable dining chair that you don't want to leave the table quite yet? Everyone who works in the hotel and restaurant business knows that the food is only part of the overall experience when a meal is served. The lighting has to be right, the sounds pleasant and, not least, the furniture must create the right feeling. From the moment your guests sit down until the dessert plates are cleared away, the seating contributes to the overall experience. And remember – cafeterias are no exception!

Stressless® Rosemary Low (L), D300

Stressless® Laurel Low (L), D300

Stressless® Laurel Low (L) w/armrest, D200

Stressless® Laurel Low (L) w/armrest, D400

**1** Our Stressless® Dining chairs are also a popular choice for conference rooms.

**2** A wooden base creates an exclusive and warm atmosphere. Note the comfortable armrests as well.

**3** Different bases can create entirely different visual expressions. Legs in black powder coated steel create a neat and airy look.

**4** Stressless® Dining chairs are available in a large selection of fabric and leather covers as our other Stressless® models. Here combined with the D400 base.

Stressless® Laurel High (L), D200

Stressless® Laurel Low (L) w/armrest, D200

- 1 Furniture in leather and dark oak are perfect in rustic surroundings. Our chairs can be tailored to any environment.
- 2 Why not mix fabric and leather in the same room? In light, modern surroundings, a cognac-coloured leather is a clear favourite. It goes well with neutral grey tones.
- 3 Are you looking for a bolder choice of colour? No problem! Our fabrics are easy to keep clean and are extremely hard-wearing.

## Create your own Stressless®

There are more than 1,500 different possible combinations of colours, fabrics and leather in our collection. A wide range of bases and chair models means you can create precisely the chair you are looking for. Will it be a conference room chair, multipurpose chair, office chair, dining chair or waiting room chair? That is entirely up to you, your imagination and your vision. But whatever you choose, you can be certain that it will have the exceptional quality that Ekornes is famous for.

Stressless® Laurel Low and High, D300

# The recliner that says “welcome”

A luxurious, comfortable recliner sends a clear signal that “you are welcome here”. Whether it is in a public space, the lobby or a hotel room, it will become an instant favourite of those whose work or leisure takes them there.

Stressless® recliners are among the most well-respected and well-known brands in the furniture market worldwide. They have unique functions, like the Plus™ system, which provides optimal support for the neck and lumbar region, and BalanceAdapt™, which adjusts the angle of the chair’s seat and back to your movements. This innovative mechanism creates subtle tilting movements that provide a feeling of weightlessness and the chance to lie almost horizontally.

Stressless® Metro Star High Back.  
Stressless® Urban Star (S) Table.

Stressless® Rome Cross High Back.  
Stressless® Urban Cross (S) Table.

Different environments demand different functions and visual expressions. That is why we offer a wide range of Stressless® recliners, whose design ranges from the classic and timeless to the modern and dynamic. You choose the base according to your taste and needs, and several models can be supplied with either a low or high back. All of them, however, provide a level of quality and comfort we believe is hard to match. See all our recliners at [stressless.com](http://stressless.com).

## Stressless® sofa – where people get together

A space with a sofa sends a clear message: this is a place for people to get together. For a long period of time we've been a complete supplier of furniture to both public and private sector clients, we know what it takes for your next seating arrangement to fulfil this function. Not only does the design need to be inviting, it needs to be superbly comfortable to sit in.

Stressless® sofas come in a wide range of designs, colours and materials, which makes them the perfect addition in any environment, whether it is a hotel room, break room or reception area.

Stressless® Copenhagen

Our chairs and sofas have design details that make them easy to group in a myriad of combinations, depending on the space and your functional requirements.

## Where peace reigns

In their hotel room, guests should be able to kick back and experience undisturbed peace. That makes the furniture even more important.

Stressless® Laurel High, D300.

Stressless® Rome Cross Low Back.  
Stressless® Urban Star (S) Table.

Ekornes supplies everything you need – from Svane® mattresses and beds to Stressless® dining chairs, recliners and sofas. There is a wide range of designs to choose from, but all our furniture has one thing in common: proper Norwegian craftsmanship, built to last for generations and with comfort and functionality that only we provide. That is something both you and your guests will appreciate.

## Good nights give better days

Did you know that Ekornes also supplies a good night's sleep? Svane® beds and mattresses hold a unique position in the history of Norwegian furniture. Established in 1937, Svane® was the first Norwegian furniture brand. Since then, innovation has been our watchword. Today, for example, Svane® supplies mattresses made with the unique material IntelliGel®. All our mattresses have the DuoSystem®, in other words a firm side and a soft side.

We have adjustable beds, divan beds and mattresses. And, of course, everything is available in the furniture fabric that can be matched to your interior décor.

## Comfort on board

Dining chairs from the Stressless® Dining range offer a level of comfort reminiscent of our famed recliners. That is why they have become so popular in both exclusive restaurants and more relaxed seating areas on board ship.

What could be better than leaning back in comfort while you enjoy a delicious meal and a beautiful view? The Stressless® Dining collection consists of a wide range of models that can easily be customised to fit into any maritime environment.

Stressless® Laurel Low (L) w/armrest, D301.

Stressless® Mint Low (L) w/armrest, D200,

Most modern ships offer the same level of comfort on board as you would find on shore. When Havila Kystruten, one of the companies sailing the iconic Norwegian coastal route between Bergen and Kirkenes, wanted to furnish its restaurants with modern, Norwegian dining chairs, they chose high quality, locally produced furniture from the Stressless® Dining range.

Now, cruise passengers can enjoy breakfast or a gourmet meal in stylish, modern surroundings, while the beautiful Norwegian coast passes outside the window. Stressless® comfort is renowned worldwide, and your guests and employees deserve to be met with the best that Norway has to offer.

## Stressless® recliners

A luxurious, comfortable recliner sends a clear signal that “you are welcome here”. Whether it is in a public space, a break room, a guest cabin or on the bridge, it will be an instant favourite of those whose work or leisure takes them there.

Stressless® recliners are among the most well-respected and well-known brands in the furniture market worldwide. They have unique functions, like the Plus™ system, which provides optimal support for the neck and lumbar region, and BalanceAdapt™, which adjusts the angle of the chair’s seat and back to your movements.

In their cabins, guests or crew members should be able to kick back and experience undisturbed peace. And cabins need not be any less attractively furnished than what you would find on shore. Ekornes supplies everything you need, from Svane® mattresses and beds to Stressless® dining chairs, recliners and sofas. There is a wide range of designs to choose from, but all our furniture has one thing in common: proper Norwegian craftsmanship, built to cope with rough use when needed. Our furniture lasts for generations, with a comfort and functionality that only we provide.

## Good meetings in good chairs

When important decisions are to be made, or lengthy processes must be undertaken, it is worth investing in furniture that can stand up to prolonged use. Chairs with moveable seats and backs provide the pinnacle of sitting comfort and reduce meeting fatigue.

Chairs from Ekornes have the functions you are looking for, in addition to a wealth of choice in designs and colours. It is no coincidence that you will find them everywhere, from large conference rooms to small waiting rooms worldwide.

1

1 An informal corner unit can function as both a place to gather and an alternative space for small meetings.

2 In the staff area, many people prefer sofas to traditional dining chairs, to create a cosy, sociable atmosphere.

3 It is easy to combine Stressless® recliners and sofas in the same interior décor, thanks to a huge choice of designs, bases and covers. Several sofas also have recliners in the same series.

4 In recent years, public spaces have taken on a more colourful look. With Ekornes, you get quality sofas in easy to care for, hard-wearing materials in a variety of different colors.

Take a seat and relax. When you do this in Stressless® furniture we hope you'll notice the difference between our furniture and everything else. The difference lies in our patented comfort technologies. BalanceAdapt™. Power™. Plus™-system. Glide™-system.

Our vision is to create recliners, sofas, office chairs and dining chairs that provide perfect support while replicating the body's every movement. Add in the ability to select between three recliner sizes or tailor a sofa with low back, high back and headrest options and the result is a level of fit and comfort one can only feel when spending time in Stressless® furniture.

Whether you sit up or lie down, the **Plus™ System** provides optimal comfort and support for your head and lumbar region. The sleep function is controlled with a simple hand movement to make your comfortable moments even better.

With **BalanceAdapt™**, subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

With a light pressure under the armrest, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

**Power™** is easily operated by the remote control, the motorized functions offer truly outstanding comfort in all positions, small adjustments can make a big difference. Take comfort to the next level with optional extras including built-in heating and massage functions.

Optimal comfort is also about correct size. Most of our recliners therefore come in small, medium and large, for you to find your perfect fit.

Optimal comfort is also about unique design options. Our Star and Original base models come in 3 different options, - Low, Adjustable and High back.

With a light pressure on the right side of the seat cushion, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

When sitting down, **ErgoAdapt™** provides a soft landing and total comfort with a seat that automatically adjusts to your position and smallest movements. When lying down, the sofa turns completely flat for best possible rest.

When you sit down in a sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable position of your legs while seated.

The unique **Stressless® Dining** chair responds to your body's movements and automatically adjusts the seat and back position, without levers or handles. This comfort enables you to maximize your quality time with friends and family. Enjoy!

With the best quality materials, environmentally friendly processes and an uncompromising focus on comfort, our machines and people work together to create furniture that will live with you through a lifetime. When you sit down and appreciate how genuine Stressless® furniture feels, you will know.

Our Stressless® production is certified in accordance with **ISO 9001: 2015** for quality management and **ISO 14001: 2015** for environmental management. All our products are tested in accordance with the requirements given in Norwegian Furniture Facts.

5 years warranty for manufacturing defects for products to the contract market. Ekornes Contract's general warranty terms are valid. Any replacement products to be delivered Incoterms 2010 FCA Industrivegen 1, 6222 Ikorntnes.

# Because we care

We care about the world around us. Our wooden offcuts are regenerated into heating our factory and any surplus heat is used for district heating for homes and the local outdoor pool. Even our simple efforts such as using recycled materials for packaging and using leftover foam for armrests and footrests are all contributing to making a difference. Our more complicated closed loop system allows us to clean the steel without releasing toxins and our use of water-based paints and lacquers have the same benefit. It doesn't save the world – but it makes a difference. For us and the generations to come.
